

of color. From affordable childcare and eldercare to raising the pay of care workers and providing universal pre-K to expanding the child tax credit, this agenda will lift women out of poverty, educate our children, and lower costs.

We can't let the perfect be the enemy of the good, because there is so much good in this bill. This agenda is about who we are as a country and the values we represent. The Build Back Better agenda will build back better for women and families.

CONGRATULATING SOLON HIGH SCHOOL GIRLS CROSS COUNTRY TEAM

(Mrs. MILLER-MEEKS asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. MILLER-MEEKS. Madam Speaker, I rise today to recognize a group of young women who have made history in a small town in my district.

Last week, the Solon High School Girls Cross Country team defied the odds at the 3A Iowa State championship and brought home their first girls cross country title after upsetting last year's champion, Ballard High School.

Led by top ten finishers, Kayla Young and Emma Bock, every Solon Spartan finished in the top 54 in a crowded 133-member field, earning a total score of 77 points.

Congratulations to Kayla Young, Emma Bock, Anna Quillin, Meghan O'Neill, Mara Duster, Gracie Federspiel, and Kaia Holtkamp. This is a great achievement for both Solon and the Second District, and I could not be prouder to represent all of these young women in Congress.

HONORING THE LIFE AND IMPACT OF JOHN H. JOHNSON

(Mr. ESPAILLAT asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ESPAILLAT. Madam Speaker, I rise today in support of H. Res. 605, to honor the life and impact of John H. Johnson.

Though he was born in Arkansas, and known for his work in Chicago, Johnson's impact isn't limited by geography. In fact, in the village of Harlem, his work is beloved. He was a trailblazer of African-American media, starting his first magazine at 24, going on to have an internationally acclaimed career in publishing, with magazines like *Ebony* and *Jet* being globally renowned and internationally recognizable to this very day.

Madam Speaker, Johnson said that you have to change images before you can change acts and institutions—and changing acts and institutions, he did.

The impact Johnson had on his community and the world of media cannot be understated, and still serves as a role model of perseverance and success to this very day, inspiring the next generation of Black and Brown leaders.

November 1 is celebrated in Arkansas as John H. Johnson Day. With great pride, I rise today to support this resolution, but he is also revered and loved in the village of Harlem.

CONGRATULATING ATLANTA BRAVES AS 2021 WORLD SERIES CHAMPIONS

(Mr. CLYDE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CLYDE. Madam Speaker, I rise today to congratulate the 2021 World Series champions, the Atlanta Braves.

After a stunning six-game World Series against the Houston Astros, culminating in a shutout victory last night, the Braves brought home the Commissioner's Trophy for the first time since 1995.

I, along with millions of Georgians, am incredibly proud of this Braves team for their unparalleled talent, electric team spirit, and unwavering determination.

Candidly, last night's victory was poetic justice after the Major League Baseball commissioner caved to the woke left and stole the All-Star game from Georgia earlier this year over Georgia's new election law reform that made it easier to vote and harder to cheat.

While ill-advised political ploys fade away, World Series championships are forever.

Chop on, Atlanta Braves.

PAID FAMILY AND MEDICAL LEAVE

(Mr. HORSFORD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HORSFORD. Madam Speaker, I rise to celebrate the historic deal reached by the House Committee on Ways and Means to include paid family and medical leave in the Build Back Better Act.

For decades, the United States has fallen behind the rest of the world in the support that we provide for working families. Without a national paid leave policy, families have been forced to make an impossible choice between caring for their loved ones and putting food on the table.

Across the Nation, there are millions of Americans like my constituent, Tameka Henry, who has lost \$200,000 in wages over the course of her lifetime while caring for her chronically ill husband. Those lost wages mean lost contributions to Medicare and Social Security that push working Americans further behind in our economy. This shouldn't be a partisan issue.

Paid leave levels the playing field for our small businesses and lifts up our entire economy. I hope that my Republican colleagues will come forward to help us deliver this historic change for the American people. But if they fail,

make no mistake, Democrats will deliver for their constituents and for our own.

DEFEND THE RIGHTS OF THE UNBORN

(Mrs. MILLER of Illinois asked and was given permission to address the House for 1 minute.)

Mrs. MILLER of Illinois. Madam Speaker, yesterday the Supreme Court heard oral arguments in the Texas heartbeat case.

I pray that the Justices find wisdom and compassion to defend the rights of the unborn.

So many of my constituents were horrified to learn that the FDA was actually purchasing fetal tissue to surgically implant baby skulls into mice. Thank God President Trump defended life and stopped this horrific practice.

We opened this session with a prayer to "Creator God." God is the creator of human life, which begins at conception. Abortion is an offense to God, and we are bringing the wrath of God down upon our Nation.

Madam Speaker, I urge us as lawmakers and Americans to repent and change course. Every child is made in the image of God, and every child is precious.

IN RECOGNITION OF THE CARR CENTER

(Ms. TLAIB asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. TLAIB. Madam Speaker, today I rise to recognize the Carr Center in Detroit, Michigan, as they celebrate 30 years of preserving, presenting, promoting, and developing African and African-American cultural arts traditions in southeastern Michigan.

Founded in 1991 as the Arts League of Michigan, the Carr Center has worked to fulfill its mission of bringing artistic excellence by offering a wide array of programming.

Building upon its initial creative placemaking, the Carr Center has become a destination and hub for the performing arts in the city of Detroit.

The Carr Center has implemented three pillars of programming: Carr Center Presents, Carr Center Contemporary focus on performing and visual arts, while the Carr Center Arts Academy offers in-school and intensive summer arts education opportunities.

Madam Speaker, I ask my colleagues to please join me in recognizing the Carr Center's many contributions to southeastern Michigan over the past three decades as we wish them well in the years to come. They are a true gem of Michigan's 13th District.

SKYROCKETING INFLATION

(Mr. BILIRAKIS asked and was given permission to address the House for 1

minute and to revise and extend his remarks.)

Mr. BILIRAKIS. Madam Speaker, this Thanksgiving is expected to be the most expensive in history due to skyrocketing inflation. Americans are also being warned that their Christmas presents will cost more and might not arrive on time due to the supply chain disruptions. I hope that doesn't happen.

President Biden's and House Democrats' out-of-control spending policies are to blame for both the economic and supply chain woes. To make matters worse, they are now pushing a made-in-America tax, which will only drive businesses and jobs overseas and further devastate our troubled economy.

There are plenty of signs that our economy is significantly struggling, unfortunately. Most recently, the GDP growth decelerated to 2 percent in the third quarter. This is the slowest growth rate since the start of the pandemic-era recovery. Real disposable personal income also decreased another 5.6 percent in the third quarter after decreasing a staggering 30.2 percent in the second quarter.

We must reverse course and abandon these irresponsible policies rather than continuing to compound the economic pain.

BUILD BACK BETTER AGENDA

(Mr. LANGEVIN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANGEVIN. Madam Speaker, I rise today to speak in strong support of President Biden's Build Back Better agenda.

Last November, the American people sent us to Washington to create more jobs, cut taxes, and lower costs for middle class families, and we are ready to deliver.

The Build Back Better agenda will lower healthcare costs for families across my district and across the country, cut taxes for more than 35 million working families, and expand high-quality home healthcare for millions of older Americans and Americans with disabilities.

As the President also returns from the U.N. Climate Change Conference in Glasgow, we have an opportunity to pass a \$550 billion investment in fighting climate change and transitioning to a green economy.

We simply do not have time to spare. The American people are counting on us. Let's get this done.

GIVING AMNESTY TO MILLIONS OF ILLEGAL ALIENS

(Mr. GROTHMAN asked and was given permission to address the House for 1 minute.)

Mr. GROTHMAN. Madam Speaker, I would like to address the Build Back Better bill. Earlier this week the Border Patrol announced that they had

found 557 bodies of people who were trying to get into this country last year. That is more than double what it was a year ago.

I am shocked that after finding all these bodies, either dehydrating in the heat, drowning in the Rio Grande, or falling off the 30-foot high fence, that they still are doing all they can to cause illegal immigration in this country.

In particular, in this bill, you are still trying to give amnesty to millions of people, which acts as a magnet for people to come here. You are still trying to give free college tuition to people who come in this country illegally, while the middle class in this country—who you apparently don't care for—goes tens of thousands of dollars in debt to get that degree.

This is happening all at the time that President Biden is apparently negotiating giving families, who try to come here illegally, \$450,000.

Please, majority party, give up on this horrible Build Back Better bill, which is just one more effort to transform and change America.

The SPEAKER pro tempore (Mrs. WATSON COLEMAN). Members are reminded to direct their remarks to the Chair.

CONGRATULATING THE ATLANTA BRAVES ON WINNING THE 2021 WORLD SERIES

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Madam Speaker, I rise today to congratulate and applaud the 2021 World Series Champions, the Atlanta Braves. I am enormously proud of the Atlanta Braves, their players, their coaches, and especially their fans for their determination and resiliency on a long road to this championship title.

The last time the Braves won the World Series was 1995. I can finally say that my Atlanta Braves are champions once again. With the World Series victory, the Braves completed one of history's greatest championship turn-arounds.

Plagued by injuries to their best pitcher and outfielder, the Braves had a losing record in August. Through much adversity, the Braves relied on a number of players and others who helped them to regain the World Series title.

As Braves fans in Georgia and around the world celebrate, I congratulate this team on a remarkable season, a 2021 World Series title, and a place in the history books.

The city and people of Atlanta, the great State of Georgia, and the great Braves nation will be forever grateful to the 2021 Atlanta Braves for breaking the curse and winning it all.

The Atlanta Braves are the World Series champions.

Go Braves.

The SPEAKER pro tempore. Members are reminded to maintain proper decorum while in the Chamber.

EFFECTS OF CLIMATE CHANGE ARE CRYSTAL CLEAR

(Mr. KAHELE asked and was given permission to address the House for 1 minute.)

Mr. KAHELE. Madam Speaker, we face a now-or-never moment to reverse the severe consequences of the climate crisis. Our narrow margin to avert catastrophe is shrinking, and right now, Democrats hold the power to enact aggressive policies to turn that tide. Failing to meet the moment in the Build Back Better Act is frankly a non-starter.

In my home State of Hawaii, the devastating effects of climate change are crystal clear. Each year, we experience unprecedented flooding, which causes landslides, washes out bridges, and creates dam failures; rising sea levels that lead to coastal erosion are visible along every island; and warming waters that cause widespread coral bleaching that kill our fish populations and threaten our economy.

As we face these challenges, Hawaii has been a leader in green energy sources, including geothermal, ocean, solar, and hydro-energy. However, while my State can do its part, we need a robust national effort if we are to sustain our planet for future generations.

Madam Speaker, the global climate crisis is our greatest national security threat, and I urge all my colleagues to answer the call to action by passing the Build Back Better Act.

RECOGNIZING THE NATIONAL GRAIN AND FEED ASSOCIATION

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Madam Speaker, I rise today to recognize the National Grain and Feed Association as they celebrate 125 years of supporting every facet of the agricultural value chain.

Established as one of the first industry-based arbitration systems in North America, NGFA has transformed American farmers' bounties into safe, nutrition, sustainable, and affordable human and animal food.

The National Grain and Feed Association is a nonprofit trade association that serves more than 1,000 companies and 7,500 facilities. They continue to advocate for grain, feed, and processing interests of the complete value chain and promote the competitiveness of the United States of America.

In order to recognize this great achievement, House Agriculture Committee Chairman DAVID SCOTT and I introduced a resolution celebrating the 125th anniversary celebrating the efforts of the NGFA in transforming the American farmer's bounty.
